EYEE FUNDING

Explanation of "stretched" funding

Funded childcare hours for 3 & 4 year olds and eligible 2 year olds are provided by the Government during the 38 weeks (in three terms) of the normal school year. The problem for parents is that, at full day care settings such as Bluebell where children attend all year round, parents get faced with higher bills during school holidays when there are no funded hours.

To alleviate this problem for parents we take advantage of the fact at Bluebell that we are permitted by the government to "stretch" the funded hours. This means we spread the total year's permitted funded hours equally across the whole 51 weeks in which our nurseries are open, rather than having 38 weeks *with* funded hours and 14 weeks *without* any funded hours. Parents will have the comfort of not seeing their nursery bills increase every time the schools break up.

3 & 4 year olds

The government provides all 3 & 4 year old children (from the term after their third birthday) with up to 15 hours of funded childcare per week for each of the 38 weeks of the normal school year. At Bluebell we "stretch" these hours (see above) and thus offer up to 11 funded hours per week for 51 weeks per year.

Some families are eligible for up to 30 hours of funded childcare per week for each of the 38 weeks of the normal school year. At Bluebell we "stretch" these hours (see above) and thus offer up to 22 funded hours per week for 51 weeks per year. You can check online as to eligibility for 30 hours.

2 year olds

The government provides *eligible* (check online) 2 year old children with up to 15 hours of funded childcare per week for each of the 38 weeks of the normal school year. At Bluebell we "stretch" these hours (see above) and thus offer up to 11 funded hours per week for 51 weeks per year.

Funding for eligible 2 year old children starts at the beginning of the term after the child's 2nd birthday and finishes at the end of the term in which he or she reaches 3 years of age. The fee for 2 year old children is slightly lower per hour than for 3 & 4 year olds as due to their age and stage of development, younger children cannot access all the extra activities on offer (eg. yoga, football etc).
